# Tenths of a second make all the difference. Including when it comes to first impressions

AMG accessories – born on the racetrack, honed under the toughest of conditions and tested by hundreds of thousands of admiring glances – display their origins unequivocally. They give you that all-important edge when it comes to sportiness, dynamism and quality. Making you a winner on account of your greatest strength: individuality. The AMG accessories from the AMG Performance Studio.

## The one material our designers like working with above all: air

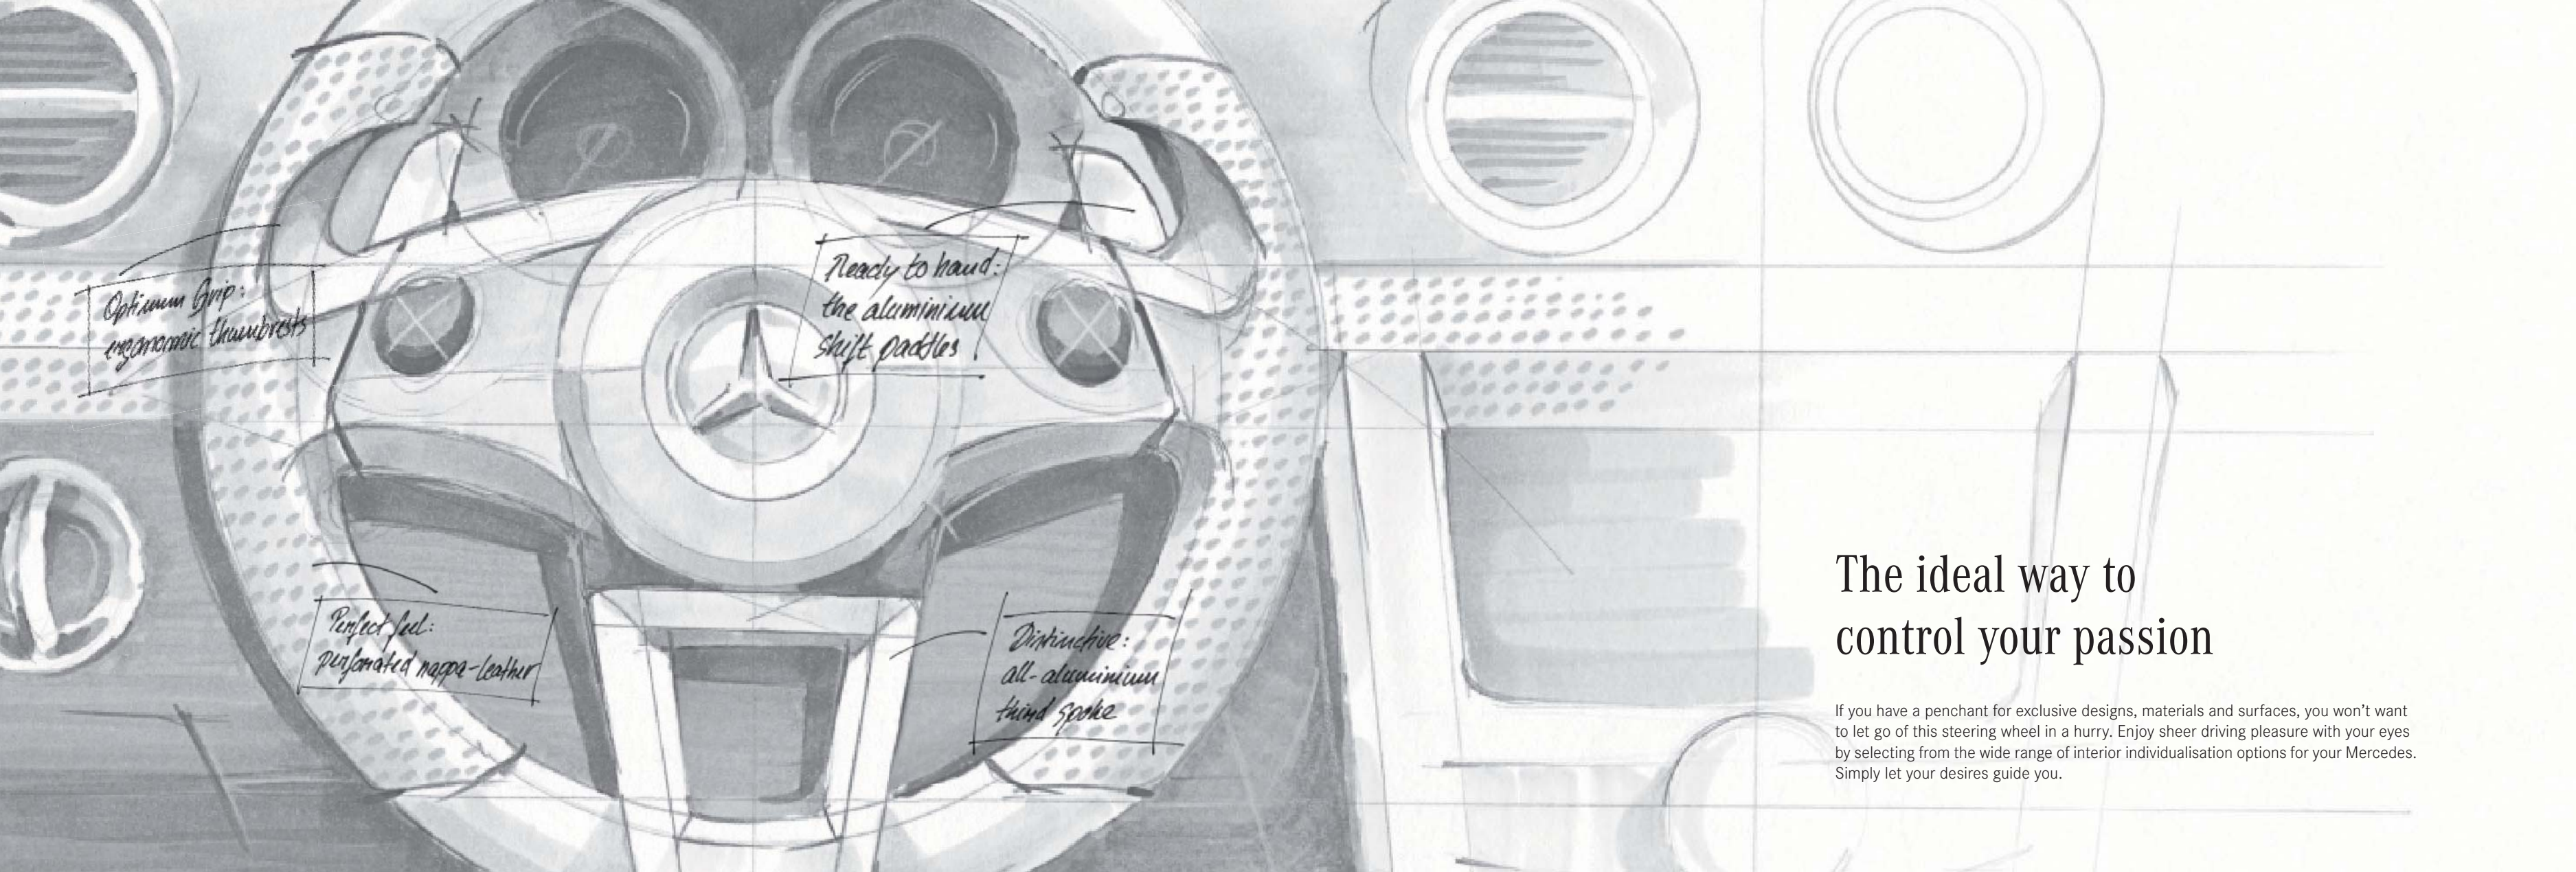

How do the designers keep coming up with such distinctive front aprons, rear aprons, side skirts and spoiler lips? By using aerodynamics. And by using aerodynamic drag instead of simply eliminating it. For optimum roadholding at any speed. And for the unique design of the AMG accessories. This is the benchmark for our designers. Both now and for future projects.

## Re-inventing the wheel? That's the easy part

The AMG light-alloy wheels seem to stick to the road. And they certainly stick in your mind. Their innovative visual and technical attributes are the result of state-of-the-art material and design studies. When it comes to opting for outstanding quality, these wheels are an easy choice. The only hard part is choosing which ones you like best.

*Optimum Grip:  
ergonomic thumbrests*

*Ready to hand:  
the aluminium  
shift paddles*

*Perfect feel:  
perforated nappa-leather*

*Distinctive:  
all-aluminium  
third spoke*

## The ideal way to control your passion

If you have a penchant for exclusive designs, materials and surfaces, you won't want to let go of this steering wheel in a hurry. Enjoy sheer driving pleasure with your eyes by selecting from the wide range of interior individualisation options for your Mercedes. Simply let your desires guide you.

AMG accessories for the A-Class and B-Class

**AMG Styling VI light-alloy wheel**

Painted silver, high-sheen surface, 10.0 x 21 inches for 295/40 tyres. | 2, 4

## Custom-designed down to the last detail

Precision is a virtue that is in our genes – the basis of all our motor-racing successes. We apply the same degree of precision when developing AMG accessories. This approach applies to the model-series-specific products you have seen on the previous pages as well as to the AMG accessories which, whilst looking identical, are customised for each model. Such as the custom-fit protective coverings displaying a distinctive logo or two types of door pins, which are likewise embellished with the AMG logo.

### AMG indoor car cover

Protects your Mercedes from dust, light and scratches whilst it is in the garage. Made from 100% polyester. Smooth and silver-coloured on the outside, with black AMG logo, napped on the inside to protect the car's paintwork. Available for numerous model series. | 1

### AMG door pin, angular

With refined chrome look and AMG logo. Available for various model series, such as the SL-Class, as shown here. | 2

### AMG door pin, round

Made from high-quality stainless steel. Bright-polished topside with black AMG logo. Available for various model series, such as the CLK-Class, as shown here. | 3

Give your Mercedes a new look in next to no time

The following tables provide a clear and concise overview of all the AMG accessories from the AMG Performance Studio. They are clearly arranged based on model series, allowing you to find out all you need to know about the available products – including those that could not be illustrated in the first part of the brochure owing to space limitations. Plus they contain technical details, order numbers and compatibility information for the individual products.

For information regarding AMG accessories for the A-Class (168 model series), please consult your Mercedes-Benz dealer.  
1 Only in conjunction with sports suspension (Code 486)

Sportswear from the AMG Performance Studio

**Please note:** changes may have been made to the product since this brochure went to press (21.05.2009). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure has been compiled by Daimler AG of Germany and is distributed internationally. It provides a general indication of the range of models, features, optional extras, colours and/or services available in various countries. Some of the models, features, optional extras, colours and/or services may not be available in your country, or may only be available in a different specification. Additionally some models, features, optional extras, colours and/or services may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras, colours and/or services available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz passenger car dealer. **[www.mercedes-amg.com](http://www.mercedes-amg.com)**
